PAT'S PATTERNS IS PRODUCED MONTHLY BY PATRICIA J. WETZEL, RT 4, BOX 416, INDIANA, PA 15701. ISSUES ARE MAILED ABOUT THE 21ST OF THE MONTH AND SENT VIA THIRD CLASS MAIL, TAKING UP TO SIX WEEKS TO REACH YOU. ONE YEAR'S SUBSCRIPTION IS $14.40 PER YEAR FOR US RESIDENTS AND $21.00 IN US FUNDS FOR ALL OTHER COUNTRIES.

ADVERTISING - classifieds are ten cents per word, 1/8 page $5, 1/6 page $10, 1/4 page $15, 1/3 page $20, 1/2 page $40, 2/3 page $60, full page $90.

.....

COPIES NOT RECEIVED - Pat's Patterns can not be forwarded. If you fail to get one or more issues because we do not have your current address it is your responsibility. If we are sending "PP" to your correct address, but the post office fails to deliver them, contact your post master and complete the post office's publication watch report, form 3721.

.....

RENEWALS - Please renew the first time you receive a copy which is stamped "time to renew" - that way you won't miss any issues. Timing is crucial, because when you receive one issue, the next one is already in the mail and on its way!

.....

This newsletter is for you. Please submit your original patterns, hints, questions and comments for publication.

.....

A MONTHLY CHAT WITH PAT

Each month I wonder where to start, since so much happens in the four weeks between my letters to you. I am writing this Thursday, February 12. We are having a combination sleet/snow storm today, so it's a good day to stay indoors!

Jan. 23 we left home to drive to the Florida seminar, stopping off in Charleston to visit our son and family both going and returning. The seminar was really nice as was the visits with family. Ron (our oldest son) will soon be leaving for the Mediterranean area (he's in the navy), so that is a sadness we will have to face. Most likely Lisa and our two young grandsons will stay with us for the six or more months that Ron will be gone.

Since we came back from Florida I got a computer system, which I am working hard at - learning how to use the publishing software and the data base software. I am sure you will notice many differences in the format this month for that reason. Please bear with me as I learn. In this issue I am doing a lot of experimenting with type sizes as well as character and line spacing. Eventually I will surely "hit" on a few formats that are appealing and readable. By the next issue I should have the laser printer, so the copy should be much clearer.

While I am learning all the features of the computer and its programs, Carl is learning how to use our new press. You should notice a big improvement in the quality of the printed page due to better printing equipment, with even more improvements in mind for the future. We have always tried to give you the best product we could afford, and have never skimped in investing in better equipment to serve your needs better. Hope you like the changes!

With so many new pieces of machinery to learn, my knitting has had to take a back seat. But next week, while Carl puts this issue together for you, I will be happily knitting. I can't wait!

My seminar schedule is shaping up nicely for this year. I'll be at Grand Rapids the middle of March and at Louisville, KY the end of March. April 2 I do a couple of mini's in Pittsburgh and April 9 (I think) I'll be in Ohio. May 9 is a hands on in Dover, DE and that's it for spring, but three are already tentatively scheduled for October (Allentown, Pottstown and Erie). Perhaps I'll see you at one of these.

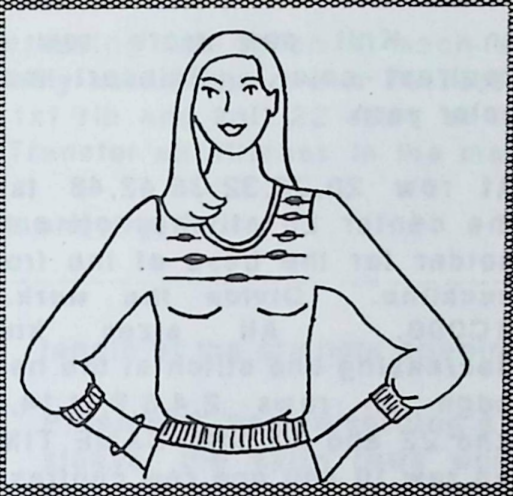
Before I forget, thanks for taking time to complete your survey. I laughed with some of you and cried with others. But most important, I'll try to help those of you that need help.

'Til I talk with you next month, may the luck of the Irish be with you and may all your problems be little ones. Happy Knitting!

Pat

YOKE INTEREST

Patricia J. Wetzel
Rt 4, Box 416
Indiana, PA 15701
(412)463-8060



This sweater was inspired by a design in Lois Blystone's book, SIDEWAYS KNITS, available from her at Rt 1, Box 199, Creekside, PA 15732 for $8.80 postpaid.

Yarn: Millor Trenzado or any fingering yarn to match gauge
Gauge: 7 sts and 10.5 rs = 1"
Tension: try 8Sizes: XS(30), S(32-34), M(36-38), L(40-42), XL(44-46), XX(48-50)

.....

FRONT

.....

T 1/1 cast on 110,124,152,166, 180 stitches for 1x1 rib. RC000. T 3/3 knit 32 rows of ribbing. Transfer all stitches to the main bed.

RC000. Tension 8 all sizes knit even to row 106.

Begin armhole shaping: Take off 7,7,7,8,8,9 stitches each side for underarm onto yarn holders. RC000. Knit to row 20,26,32,3642,48, decreasing TWO stitches at each side of every-other row a tital of 6,8,10, 11,13,14 times, or until 72,78,84,92,96,106 stitches remain. AT THE SAME TIME work the keyhole design thus:

At row 4,10,16,20,26,32 remove main color yarn. Insert contrast color and knit one row. Using a separate length of contrast color, bind off the center 6 stitches, then immediately e-wrap cast on those same stitches with the same length of yarn. Knit one more row with contrast. Reinsert main yarn and knit one row with contrast color. Using separate lengths of yarn for each keyhole, bind off the stitches from needles #22-27 each side of 0, then immediately cast those stitches

on. Knit one more row of contrast color. Reinsert main color yarn.

At row 20,26,32,36,42,48 take the center 20 stitches off on a holder for the base of the front neckline. Divide the work. RC000. All sizes knit, decreasing one stitch at the neck edge on rows 2,4,6,8,11,14,18 and 22 and AT THE SAME TIME on row 10 knit one row contrast. Make a keyhole at needles #22-27 this side and knit another row of contrast. Repeat this keyhole on rows 22,34 and 46. Continue even to row 51 for all sizes. Carriage is at the neck edge and you are ready to shape the shoulder:

XS - 3 sts 6x
S - 4 sts 3x, 3 sts 3x
M - 4 sts 6x
L - 5 sts 4x, 4 sts 2x
XL - 6 sts 1x, 5 sts 5x
XX - 6 sts 5x, 5 sts 1x.

Knit one row over all these 18,21,24,28,31,35 shoulder stitches and then scrap off.

Work the other side of neckline and shoulder the same.

.....

.BACK

.....

Work the same as the front to the armhole. RC000. Shape the armhole the same, continuing even to row 72,78,84,90,96,102.

Shape back neck and shoulder:

Scrap off the center 28 stitches. Shape this shoulder the same as the front ones, but at the same time, decrease one stitch at the neck edge every-other row 4 times for all sizes. Work the other side to correspond.

.....

NECKBAND

.....

First join one shoulder seam. Work the neckband of your choice using 142 stitches: 6 for each back neck curve, 40 for each front neck curve and all of the scrapped off back and front neck stitches. Join the other shoulder seam.

.....

SLEEVE

.....

Wrong side facing your, pick up 98,104,112,120,126,132 stitches along one armhole, including the scrapped off underarm stitches. Carriage on the right. Place all needles to the left of the center 16,22,22,30,42,44 in HP and set carriage so HP needles will not knit. Knit one row to the left and wrap. (Wrap throughout after each row). Place all needles to the right of the center 16,22,22,30 42,44 in HP and knit to the right. Now, return needles to upper work position opposite the carriage at the beginning of each row thus: 4 needles once each side; 3 needles 2 times each side; 2 needles at the beginning of each of the remaining rows until about 7 needles remain in HP at each end. Return these at the beginning of the next two rows.

RC000. All sizes knit to row 105, decreasing one stitch at each side of every 12th row. At row 105 decrease evenly across the row to 70,78,84,92, 98,106 stitches. Transfer stitches for 1x1 rib and knit 22 rows at tension 3/3. Knit one row at tension 10+/10+. Transfer all stitches to the main bed and cast off.
FINISHING: Run in ends; machine wash and dry.

ADJUSTING ARMHOLE LENGTH

Patricia J. Wetzel
Rt 4, Box 416
Indiana, PA 15701
(412)463-8060

I have had letters and phone calls from knitters, wanting to know how to adjust the armhole length of sweaters - and then... what do you do with the sleeve? In all cases the desire was to lengthen the area.

Well, without considering the consequences of any specific pattern that the garment might be knitted in (e.g. a complicated one such as intarsia), making such changes is really a simple job.

1. Make note of the rows per inch gauge. For our example let's use 12 rows = 1".

2. Figure out how much longer the armhole depth needs to be. For our example let's use 1-1/2".

3. Multiply the rows per inch gauge times the extra length you need to knit. In our example, then, 12 rows per inch times 1-1/2" length to add = 18 rows to add to the length of the armhole opening.

Presuming we are knitting a set-in sleeve, the extra rows would be placed above the armhole decreases, but not part of the rows at which the front (or back) neckline is shaped.

4. After you have knitted the bodice sections, adding 18 rows to each piece you must now make note of the stitch gauge. Let's use 7 stitches = 1".

5. The sleeve must be widened two times the amount that the armhole was lengthened (the front of our sample garment was made 1-1/2" longer and so was the back. This is a total, then, of 3" added to the sleeve opening.

6. 3" times 7 stitches per inch = 21 extra stitches needed for the sleeve width. If you prefer to add an even number of stitches, you may add either 20 or 22 stitches.

Distribute these extra stitches evenly among the stitch count used for the cap shaping.

BASIC 4-PLY CARDIGAN

Lois Blystone
Rt 1, Box 199
Creekside, PA 15732
(412)3972671

Machine: any 9 mm chunky
Gauge: 4.25 sts and 6 rs - 1"
Tension: 6
Sizes: 36,38,40,42

.....

BACK

.....

Cast on 76,80,86,90 stitches for 1x1 rib and knit 10 rows at tension 3. Transfer all stitches to the main bed.
RC000. Knit to row 62,68,70,74 using main tension.
RC000, bind off 4,4,5,6 sts at the beginning of the next 2 rows. Decrease 1 st each side of EOR 4,5,6,6 times, according to size then continue even to row 54,60,64,66. Bind off the center 28 sts and scrap off the shoulder stitches.

.....

FRONT

.....

Cast on 38,40,42,44 sts and knit ribbing 10 rows of 1x1. Transfer all stitches to the MB.
RC000, knit to row 62,68,70,74 (I put cables on the fronts of the sweater I made).
RC000, at the underarm edge bind off 4,4,5,5 sts and begin shaping as follows;

At the arm edge decrease 1 st EOR 4,5,6,6 times, according to size and AT THE SAME TIME decrease one stitch at the neck edge:

every 4th row 12,10,6,4 times according to size, and then:

36-ev 3rd row 2x
38-ev 5th row 4x
40-ev 5th row 8x
42-ev 5th row 10x.
Continue to row 54,60,64,66 and scrap off the shoulder stitches.
Repeat for the other side, reversing the shaping.

Join both shoulder seams.

.....

BANDS

.....

Allow about 90,96,102,108 stitches for each front band and 28 for the back neck. One front and the back can be knitted together. I knit 11 rows with a garter row in the middle. Make the buttonholes on the proper side.

.....

SLEEVE

.....Pic

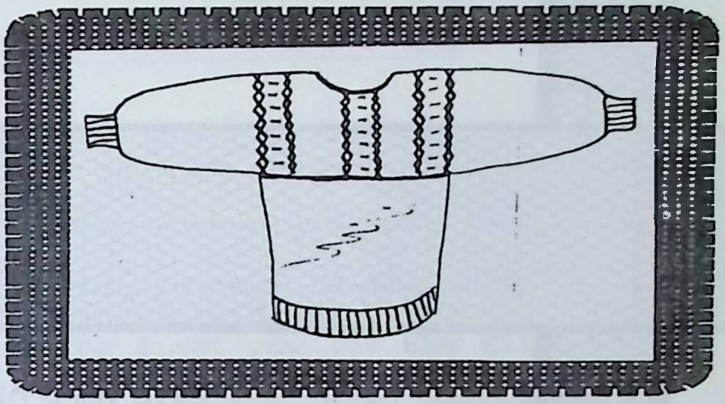
k up 76,84,90,94 sts and put all but the 28 center sts in hold. Each row put 1 st on car side in hold and 4 opposite into work until all sts are in work.
RC000, knit decreasing 1 st every 10 rows to length needed, including ribbing:

16" - 80 rows; 17" - 88 rows; 18" - 92 rows; 19" - 100 rows.
Reduce the number of stitches to 43 and knit 1 row. Knit 20 rows of rib at T 0 then cast off

CHILD'S SIMPLE SWEATER

Sylvia Stewart
Rt 5, Box 138
Kittanning, PA 16201
(412)548-5686

Yarn: Tamm Rayito
Gauge: 6-3/4 sts & 9-3/4 rs = 1"
Tension: 8
Sizes: S(4-6), M(8-10), L(12-14)



FRONT

In 1x1 rib at T 2 cast on 88,102,114 stitches. Knit 20 rows and transfer to the main bed. At T 8 knit even to row 88,98,112. Remove to scrap yarn.

BACK

Knit the same as the front.

SLEEVE/YOKE FRONT

With scrap yarn cast on 36,44,50 stitches. Knit several rows and then 1 row with the ravel cord.
RC000 - knit even to row 92,120, 144. Mark arm edge.
RC000 - knit to row 10,15,19. Start fairisle design and continue to row 40,50,58.
RC000 - bind off 3 stitches at the neck edge every-other row 6 times. Start pattern on row 13,13,25. Knit to row 34,34,38. Now cast on 3 stitches at the neck edge every-other row 6 times. Row 46,46,50.
RC000 - Knit to row 10,15,19. Start fairisle pattern and continue to row 40,50,58. Mark arm edge.
RC000 - knit even to row 92,120,144.

SLEEVE/YOKE BACK

With scrap yarn, cast on 36,44,50 stitches. Knit several rows and 1 row with the ravel cord.
RC000 - knit even to row 92,120,144. Mark arm edge.
RC000 - Marking neck edge of rows 40 & 86, (50 & 96), 60 & 106, knit even to row 126,146,166.
RC000 - knit even to row 92,120,144. Remove to scrap yarn.

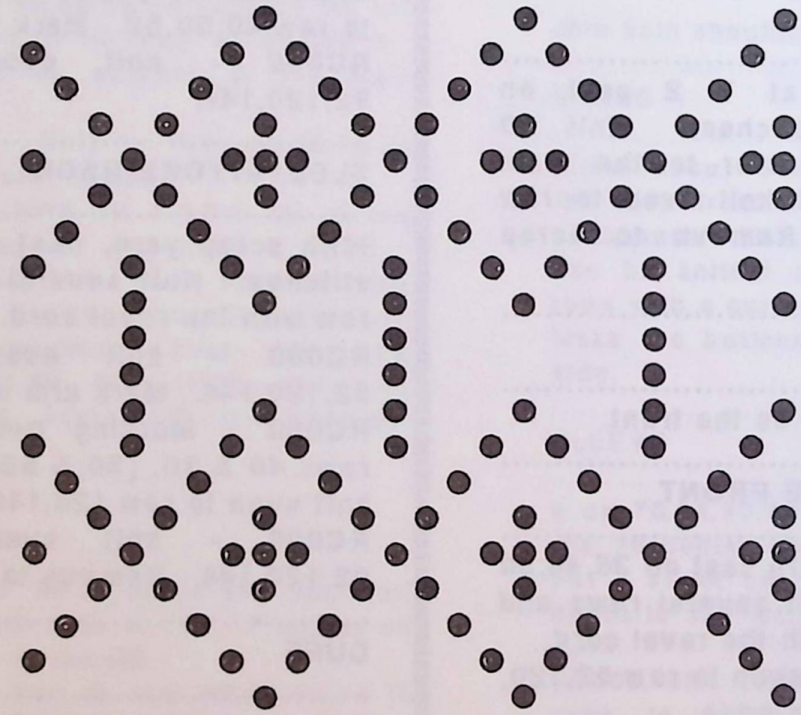
CUFF

Rehang both lower sleeve edges, decreasing to 46 stitches. In 1/1 rib at T 4, knit even for 20 rows and bind off LOOSELY!!

FINISHING

Sew all seams. If desired, crochet an edge around the neck edge.

FAIR ISLE DESIGN
FOR CHILD'S SIMPLE SWEATER



CHECK A PROGRAM WITH DATA LIGHTS

1. "CHECK"
2. "DOWN" key until the pattern number you want to check is displayed
3. "STEP" - stitch width of the pattern is displayed
4. "STEP" - row length of pattern is displayed
5. "STEP" - data lamps for the first row (or the first 10 stitches of a long row) is displayed. After looking over these first 10 stitches, make corrections by using the left and right arrow keys to display the incorrect stitch number then correct it by pushing the correct entry - either ◙ OR □. After these first 10 stitches have been checked and corrected if needed, push the right arrow key til stitch 11 shows in the display. The data lamps show the next 10 stitches of the pattern (stitches 11-20). Continue in this fashion to check and correct all the stitches of this first row. [Push the right arrow til 21 shows as the next stitch if your pattern has more than 20 stitches - the data lamps now show stitches 21-30.]
6. "UP" key and data lamps for the second row are displayed. Check this row as for the first row.

Check all remaining rows as for the first two rows.

7. "CHECK" when you have checked the row or rows in question and are satisfied that your pattern has been entered with no errors.

CHECK A PROGRAM WITH THE BUZZER

Use steps 1-5 above. The data lamps are lit for checking the first row. However, in order to listen to the pattern row push the "BUZZER" key. At the beginning of the row the buzzer will first make a short sound to let you know it is about to "sound" the stitches. Then, it will sound one long beep for each □ and two short beeps for each ◙ in the row. If you hear an error (you follow the graph as you listen), turn the buzzer off and use the right or left arrow key to display the wrong stitch and then correct it. So, this check is the same as with lights, except you can hear the pattern. I prefer this type of check. After the pattern has been checked, in its entirety, turn off the "CHECK" key.

Regardless of which type of checking system you use, feel free to move all around the pattern by use of the up and down keys and the left and right keys.

HOW TO DELETE YOUR PATTERNS

1. "INPUT"
2. "CE"
3. Enter the number of the pattern that you want to delete.
4. "C"

Repeat steps 2,3 and 4 for each pattern to be deleted.

5. "INPUT"

ADDITIONAL KEYS: "M", "MEMO" AND "START"

"M" KEY

Use the "M" key when knitting in all-over patterning and you reach the place where the knitting has to be divided, as when shaping the neckline of a pullover. When you push the "M" key prior to knitting the first row of the division the pattern is memorized. Then, when you are ready to knit the second half of the garment a push of the "M" key tells the machine the program needed for the first row of the next side. If you want to be sure, you can always write down the row number appearing in the display.

"MEMO" KEY

If you want to add any notes regarding the rows to knit with various colors an/or the rows to knit in either fine lace or normal lace you can use this key to add memos to the different rows of a pattern as desired.

"START" KEY

Push "START" anytime you want to return the pattern to the first row.

If you want to knit one lengthwise repeat of a design, then knit several rows of stockinet followed by another repeat of the design you will use "START" to return the pattern to the first row.

If you are knitting several pieces of a garment, all in pattern, use the "START" key to re-program the first row of the pattern for each piece of the garment. This presumes that when you finished one piece you were somewhere in the middle of a pattern. However, if your garment was planned to be a specified number of pattern repeats long, the display will show the first row of the pattern when you are ready to knit each piece and use of the "START" key will not be needed in this case.

FUN WITH FAIR ISLE

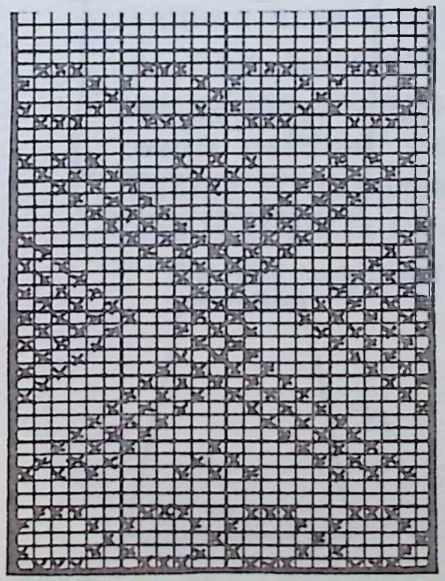
Kay Furfaro
Kay's Knitting Studio
58809 Fir Road
Mishawaka, IN 46544
(219)259-0496

I have had a lot of enjoyment working with fair isle patterns lately. It is fun picking colors that work well together. This month I want to share one of my favorites with you.

I used this pattern as a border across the yoke of a man's sweater. The sweater was navy blue with baby blue and royal blue used as the contrast colors.

I started the design 5 rows before the underarm shaping. You can start it anywhere you like, only have it end at least 10 rows before you start to shape the front neck. Since I started my design 5 rows before the underarm shaping on the front and back, I also started it 5 rows before the underarm shaping on the sleeves so the pattern would go around in a straight line.

The card is 24 sts wide & 39 rs long.

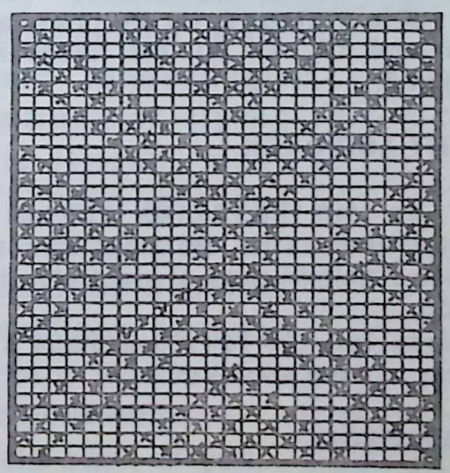


*navy blue is the main (background) color

A - 5 rows with baby blue as CC
B - 2 rows just with MC
C - 9 rows with royal blue as CC
D - 7 rows with baby blue as CC
E - 9 rows with royal blut as CC
F - 2 rows just with MC
G - 5 rows with baby blue as CC.

Another interesting way to use this card would be to knit the border, knit 20 or 30 rows of main color only - repeating this for the length of the sweater. You could also knit each border using a different color combination, using pastels on a white background or brights on a black one.

A variation of the card is below. This is a nice version for an all-over fairisle pattern using just two colors.



LADY'S LONG OVERSIZED SWEATER

Linda Edison
6021 Parnell Rd.
Winston-Salem, NC 27107
(919)785-1665

Yarn: 3 strands of 2/24 - 1 lb total - try 2 strands of a bright color and 1 strand of black
Gauge: 6 sts and 8 rs per inch
Tension: 9-10 for stockinet; 7 for mock rib.
Hip sizes: P(32), S(34), M(36-38), L(40-42)
Machine: any standard 200 needle 4.5mm
HINTS 1) if you're using more than one color, wind 3 strands together on one cone to prevent "streaking", 2) knitting 3 strands at tension 10 will cause trouble unless you use weights all across the knitting, 3) I found the mock rib to hold its shape better than a true rib, bu if a true rib is preferred, rib 24 rows for the cuffs and 12 ros for the neckband at tension 5.

FRONT AND BACK

Cast on 110,122,134,146 stitches and arrange needles for 2x1 mock rib. Using tension 7 knit 44 rows of mock rib. Hem.
RC000.
All sizes knit 128 rows and place a yarn marker in each edge stitch.

FINISH BACK

RC000.
Knit even to row 60,60,66,66. Take the center 36 stitches off on scrap. Then, working each side separately, continue to row 68,68,74,74, all sizes decreasing one stitch every-other row a total of 2 times. Bind off the shoulders.

FINISH FRONT

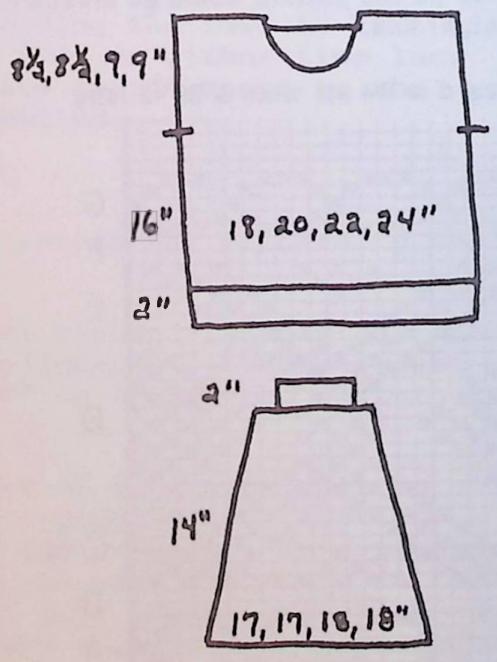
RC000.
Knit even to row 34,34,40,40. Take the center 24 stitches off on scrap. Working each side separately, continue to row 68,68,74,74, decreasing 1 stitch at the neck edge every-other row a total of 8x. Bind off the shoulder stitches.

NECKBAND

Join one shoulder seam. Pick up approx. 134 sts around neckline and work a 2x1 mock rib for 20 rows. Hang hem and bind off loosely. Join the other shoulder seam.

SLEEVE

Pick up 102,102,108,108 stitches. RC000. Decreasing 1 st each side of every 10th row 10 x total, knit to row 112. Now decrease 22 stitches evenly across (60,60,66,66 sts remain). Transfer stitches for mock rib. Knit 44 rows. Hang a hem and bind off loosely.



RESULTS OF OUR SURVEY

Patricia J, Wetzel
Rt 4, Box 416
Indiana, PA 15701

First, thanks again to all of you who troubled yourselves to complete the survey and send it to me. While we are not going to give you results in numbers or percentages, we do want to share some of the the comments in general terms.

Some of our conclusions are: most knitters are most comfortable with stockinet and fairisle borders for single bed work, most people use their ribber simply for bands, many want to learn new techniques, more skilled knitters want more patterns in diagram form for easy translation to their own gauge or to their charting device, also, the more advanced knitters want interestingly different garment patterns (the addition of styling details rather than plain and simple styles), many knitters have a minimum amount of time to spend at their machines and want occasional fast and easy little projects, and finally, the rank beginner wants detailed, step-by-step instructions because she/he is intimidated by most pattern instructions and is afraid to try anything new without help.

We will see what we can do to help each of you.

NON - SLIP SHAWL

SUPER EASY

Patricia J. Wetzel
Rt 4, Box 416
Indiana, PA 15701
(412)463-8060

Yarn: any fingering, sport or stranded yarn desired, using a tension (stitch size) which yields a soft, loose knit. Experiment until you get the desired effect.

You will also find a garter bar will be very helpful. Don't panic! You do not have to turn the work at any time. All the garter bar will be used for is repositioning the shawl on the needle bed (lifting the stitches off one group of needles and putting them back onto another group of needles). If you do not have a garter bar or if you are not yet comfortable with using it you may use scrap yarn for the repositioning.

If you follow the instructions step-by-step you will knit this shawl in about an hour - and with no problems.

STEP ONE: Place the carriage at the far right side of the needle bed.

STEP TWO: Bring all of the needles at the right of center zero plus 28 needles just to the left of center zero forward as far as they will go.

STEP THREE: E-wrap cast on these 128 stitches from left to right then insert the yarn into the main feeder of the carriage (see your manual's instructions for this cast on, usually called "increasing several stitches").

STEP FOUR: Set your row counter all on zeros. Be sure your carriage is set for plain stockinet knitting and also be certain that your hold button is not on/Russel levers are not sticking forward. It will help to place the weaving brushes in working position.

STEP FIVE: Knit one row. While holding this first row of stitches down and against the sinker posts, fully extend all the needles again (do this by small groups). Be sure all the stitches are on the needles and behind the open latches. Knit another row and again bring all the needles forward through the stitches. We do this to help assure that each stitch will knit, and will continue to do so until we have knitted at least four rows.

STEP SIX: Now your row counter should "say" 002. Your carriage should be at the right side of the bed. At the right edge of your work decrease one stitch full fashioned using a three prong transfer tool and referring to your manual if unsure of this technique. At the left side bring the empty needle that is closest to the knitting forward as far as it will go. When you knit the next row this new needle will pick up a stitch, resulting in an automatic increase. Be sure that the newly emptied needle at the right edge has been returned to "A" (non-working) position.

STEP SEVEN: Knit two more rows, being sure to bring all of the needles forward as you did before after knitting the first of these rows.

STEP EIGHT: Decrease one stitch full fashioned at the right edge as you did before and make an automatic increase at the left edge as you did before. Your row counter should now say 004. Now, you should be able to quit bringing the needles forward after knitting a row, but let the weaving brushes in place for now.

STEP NINE: Knit two rows and raise the weaving brushes. RC006. (This means the row counter says 6 rows have been knitted).

STEP TEN: Decrease one stitch FF (full fashioned) at the right asyou did before and increase one stitch automatically at the left as you did before.

STEP ELEVEN: Knit two rows.

STEP TWELVE: Decrease one stitch at the right edge FF and increase one stitch automatically at the left edge.

REPEAT STEPS ELEVEN AND TWELVE until your last automatic increase at the left edge (and FF decrease at the right edge) finds all of your knitting at the left edge of the bed.

Knit two rows after making this last increase/decrease.

Now, the row counter should say about 146.

Now, the shawl isn't nearly long enough, but all the knitting is at the left edge and we don't have room to move the shawl any further to the left.

STEP THIRTEEN: Do one of these: lift the piece of knitting off onto the garter bar and replace onto the 128 needles at the far right of the bed (as when you started) OR remove main yarn from the carriage, but don't break it. Knit several rows with a contrast colored yarn, being sure to first deactivate the row counter. Break the scrap yarn and release the knitting from the machine. Rehang the knitting stitch-by-stitch onto the righthand 128 needles. Reactivate the row counter and insert the main yarn into the feeder again. Wait until many rows have been knitted before removing the scrap yarn rows.

Now you are ready to decrease one stitch FF at the right edge and to make an automatic increase at the left edge, so do it now.

Repeat steps eleven and twelve until the piece is again at the left edge of the bed, then reposition the piece again at the right edge. Continue the repetition of steps eleven and twelve until the row counter says 300. Do not increase at the left nor decrease at the right at row 300.

Knit one row.

Reset the row counter to zeros.

STEP FOURTEEN: Decrease one stitch FF at the left edge. Increase one stitch at the right edge.

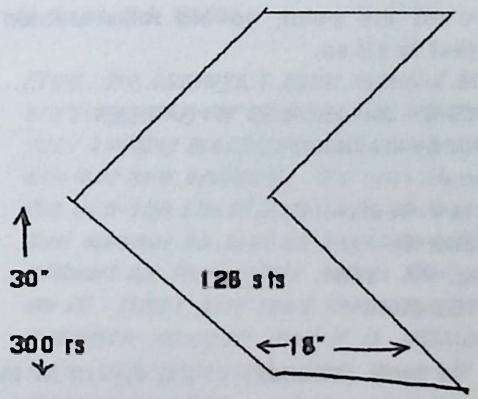
STEP FIFTEEN: Knit two rows.

Repeat steps fourteen and fifteen until the knitting is at the far right edge of the bed. Using the garter bar or scrap yarn knitting relocate the piece to the far left edge of the bed.

Repeat steps fourteen and fifteen, plus the relocation of the piece when necessary to the left edge, ending at row 300.

Bind off all 128 stitches.

FINISHING: Work a pretty crochet edging or fringe all but the two edges that will lay along the neck.



REGULAR INSTRUCTIONS

Car on the right, e-wrap CO 128 sts at the far right. RC000. *K 2 rs. Dec 1 st at the right and auto inc 1 st at the left.* Repeat from * to * to RC300, shifting the piece to the right side when necessary. At row 300 knit 1 row. RC000. **Dec 1 st at the left and auto inc 1 st at the right. K 2 rs.** Repeat from ** to ** to row 300, shifting work to the left side as necessary. BO.

Just a couple more words about the non-slip shawl before we leave it. I like this style because it lays across the shoulders without bunching up around the neck - and it doesn't fall off! Since we don't give a gauge, you are free to experiment with various yarns and stitch patterns as well as increasing or decreasing the number of stitches and rows to use. These shawls would also be useful for old folks who are confined to a chair. You might want to eliminate the lower point. Assuming you are using the 128 stitches that we recommend, beginning with about row 200 of the first half of the shaping, you might want to discontinue the righthand increases. Thus, when you reach row 300 you would have only 78 stitches. Then, when knitting the second half don't do any lefthand decreases until row 102 - from there proceed as per instructions. This would square off the point, so old folks wouldn't have that to sit on.

.....

FAST & EASY VEST

for chunky machines

Patricia J. Wetzel
Rt 4, Box 41
Indiana, PA 15701
(412)463-8060

Yarn: 4 ends (strands) of 2/24 yarn in the colors of your choice. We used light gray for our main color; the yoke area is turquoise and the cord is bright red.
Gauge: 18 sts and 26 rs - 10 cm or 4"; 4.5 sts and 6.5 rs - 1"
Tension: 4 on a Brother 260
Sizes: to fit men or women - S(36), M(40), L(44), XL(48), XX(50)

.....

FRONT

.....

With gray cast on 84,92,102,110,114 sts for 1x1 rib using the tightest possible tension.
RC000. Still using tightest tension knit 20 rows to end at the right (if you don't have a ribber you might knit these rows then latch the ribs OR work 40 rows ov 2x1 mock rib). Transfer all stitches to the main bed.
RC000. Tension 4 knit even to row 84, placing a yarn marker in each edge stitch for armband placement on row 84,80,78,72,72. At row 84 the car is on the right side. Place all needles to the left of 0 in HP and set car so these will not knit.
SHAPE ONE SIDE OF THE FRONT NECK:
RC000. Knit to row 3. Using a three prong tool decrease one stitch FF at the neck edge and transfer the second stitch to the edge stitch, creating an eyelet. Bring this emptied needle forward to knitting position. Continue to dec and make eyelets as described above on rows 6,9,12,15,18,21 and 24. Knit 2 more rows. RC026. Take these sts off on a yarn holder or scap. Knit the other side to correspond.

.....

BACK

.....

Using gray, work the back the same as the front up to row 84 above the ribbing, being sure to insert the armhole markers at the correct time.
RC000. Still with gray all sizes knit even to row 26. Break gray.
Insert red and knit 4 rows. Break red. Pick up each of the gray stitches from the last row knitted with gray and hang them on the needles. You have just created a colorful piping!

.....

YOKE

.....

RC000. Insert turquoise yarn. Knit even to row 24. All sizes make eyelets at needles 1,4,6,9,11 and 14 left of zero and 2,5,7,9,12 and 14 right of zero. Be sure the empty needles are returned to knitting position and knit 2 more rows (RC026). Break yarn. Bind off the center 32 stitches. Carriage is on the right. Put all needles on the left into HP and set car so these needles will not knit.
RC000.
Still with turquoise knit to row 2 and make a FF inc using a three prong tool AND transfer the second stitch from the neck

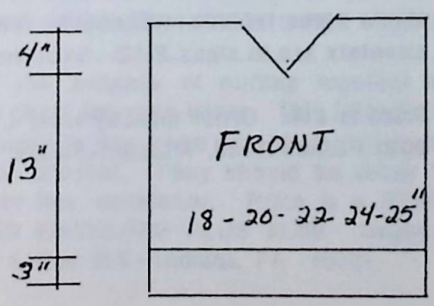
edge needle to either the edge or the third needle. Return the empty needle to knitting position. Continue knitting, increasing and making eyelets as above on rows 6,10,13,16, 19,22 and 25. Knit one more row. RC026. Break turquoise and insert red. Knit 4 rows. Break red and either scrap off or remove on a yarn holder. Knit the other side to correspond.

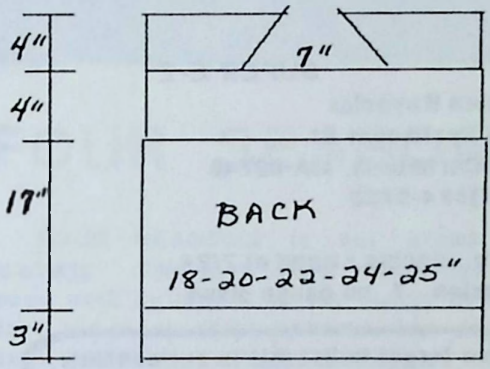
FINISHING

JOIN THE FRONT TO THE BACK: Right side of front facing you, pick up the gray stitches of one "shoulder" and place them on the machine. Right sides together, pick up the last row of red stitches from the corresponding back "shoulder" and place them on these same needles. Also create a piping by picking up the last row of turquoise from directly below the red stripe, hanging these also on the same needles. Three stitches are now on all these needles. Bind off to join. Join the other "shoulder" seam the same way.

FINISH THE ARMHOLES: Either work a crocheted edge around the armholes between markers or work bands. For each band pick up about 72,76,80,90,90 stitches and knit 14 rows. Hang a hem from the beginning and bind off.

CORD: E-wrap cast on 3 or 4 stitches and knit the length needed for a cord which you thread through the neckline eyelets to tie at the base of the neckline.





THE BEGINNING KNITTER

Patricia J. Wetzel
Rt 4, Box 416
Indiana, PA 15701

From the surveys I have learned that there are many of you who do feel intimidated by your knitting machines and who are afraid to attempt new projects. We specifically wrote the non-slip shawl pattern in such a simplified manner so that all beginners can knit it without an instructors help. But you must do it! Don't just read the instructions and convince yourself that it is difficult. The only way you will ever learn to knit is through practice.

If you have a chunky machine, you can also knit the shawl using our basic instructions. However, let's change the stitches to 76 and the rows for each half to 200. This should compensate adequately for the heavier yarn.

I want to hear from you, regarding your successes with the shawl. If you have a chunky machine, try the vest too, even though its instructions aren't quite as detailed as are the shawl's. I'll be waiting to hear from you!

BABY BUNTING

SUPER E-Z

Marian Reynolds
596 Dartmouth St.
So. Dartmouth, MA 02748
(617)994-5733

Yarn: double strand of 2/24
Tension: 7 no gauge given

we forgot to list this in our contents. Sorry!

Marian's note: Watch for this pattern in the future, but knit upside down!

The bunting has raglan shaping and a hood with a zipper up the front.

BACK

Tension 7: Cast on every needle 90 stitches. Knit even to row 180 Decrease 1 stitch both sides every other row until you have 28 stitches. Knit 2 rows. Scrap off.

FRONT

Tension 7: Cast on every needle 80 stitches. Knit even to row 50. Scrap off all sitches left of center 0. *On remaining stitches knit even to row 180. Decrease 1 stitch at armhole edge evey other row until 14 stitches remain. Knit 2 rows. Scrap off.* Rehang first 45 stitches to be scrapped off. Repeat from * to *, being sure to reverse the shaping.

SLEEVES

Tension 5: Cast on every other needle 50 stitches. Knit 20 rows. Turn up. Row counter to 000. Tension 7: Increase 1 stitch both sides every 6th row until you have 70 stitches. Decrease 1 stitch both sides every other row until you have 8 stitches. Knit 2 rows. Scrap off.

HOOD

Tension 7: Rehang all stitches on scrap as follows: 14 front, 8 sleeve, 28 back, 8 sleeve, 14 front. You have a total of 72 stitches. Knit even to row 94. Bind off.

FINISHING

Sew hood seam. Tension 4 cast on every other needle 130 stitches. Knit 18 rows. Turn up. Knit 1 row. Rehang half front edge of hood onto first 65 stitches. Bind off. Rehang second half of front edge onto remaining stitches. Bind off. Make a 3 stitch cord 450 rows. Slip into hood ribbing. Sew an 18" zipper in front opening. Sew bottom and side seams.

BOOK REVIEW

Patricia J. Wetzel
Rt 4, Box 416
Indiana, PA 15701

FAMILY CHUNKIES by Linda Edison has about 21 different sweater styles. All are pullovers. Some are for women, some for men and some for kids.

She use cables, tuck stitch and fairisle as well as ribbed designs. All of her shapes are simple and easy to do. Both round necklines and boat-necks are featured. An assortment of hand knitting yarns are used for her garments.

Most of the women's tops are for sizes 32", 34-36" and 38", with some also for 40" busts. Men's sizes include 44" chest. The children's sweaters are in sizes 2-12. Sketches include.

Price is $10. Order directly from Linda Edison, 6021 Parnell Road, Winston-Salem, NC 27107.

They should be ready by the time you get this newsletter. Price is a STAMPED, ADDRESSED ENVELOPE PLUS $1.00. Orders: Pat Weizel - Rt 4, Box 416 - Indiana, PA 15701.

FOUR SEASONS

FOUR SEASONS is our brand new quarterly. The first issue, which featured round neck pullovers for the family in many sizes and many stitch patterns, has enjoyed fantastic success. Very few copies of the premier edition remain @ $9.00.

The second issue, which will be sent to all standing order customers near the end of April, will teach you everything you want and need to know about fairisle and variations through many pretty and useful knitting projects. Each issue will focus on either a specific knitting technique such as lace, tuck, weaving etc. or a specific garment type such as cardigans, vests, yoke sweaters etc.

The quality of the first issue was quite good, but there is always room for improvement. All subsequent issues will be professionally printed, professionally bound and will include at least one full color page. Besides written instructions and the aforementioned colored pictures, sketches and charts are included.

What a way to learn how to use your knitting machine/s! Each issue contains specifics for standard, electronic and chunky machines of all brands and models, as well as for Passap.

To begin getting FOUR SEASONS all you need do is write to me and say so, including your name and mailing address. April 15, 1987 is the deadline for new standing orders for the next issue. As a standing order customer you pay just $7.50 for each issue if paid within the specified period of time.

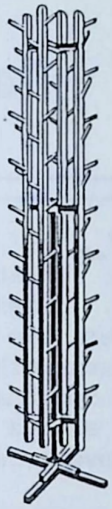
SPACE SAVING YARN TREES

A yarn tree from Custom Knits for your home or business could be the answer to the problem of knowing what kind or color of yarn you have on hand.

- Our Floor Model Yarn Tree will store 72 cones of yarn. This sturdy unit features a sealed bearing on which it rotates very easily. The overall diameter of this unit is about 28" when loaded with yarn. It stands about 6'7" high.
- Our Ceiling Model Tree is connected to a ceiling joist via a swivel system. We custom build these trees for any ceiling height up to 9'. *Please state floor-to-ceiling height when ordering.* If, for example, your ceiling height is 8' or more, this tree will hold 44 cones.
- Our Trees are made mostly of wood, are sanded and ready for you to finish or leave as is.



Post-Paid prices anywhere in the U.S.A.

Floor Model Yarn Tree	$125.00
Ceiling Model Yarn Tree	$35.00
Yarn Plyer	$20.00
Pompon Maker	$5.00
